**Major Events Funding**
Organisations are required to submit a formal proposal submission. Tourism WA assesses and undertakes due diligence on each event submission to determine whether it fits the major event funding criteria, annual budgets and Tourism WA’s overarching strategy.

**Regional Events Program**
Funded by Royalties for Regions, this program supports medium to large regional events across the State, offering funding of more than $40,000. The program aims to attract and develop major events that will generate significant benefits for regional communities.

**Regional Events Scheme**
Funded by Royalties for Regions, the program is an annual funding round for smaller, developing regional events across the State, offering funding between $5,000 and $40,000.
