Top 3 Local Government Areas (LGA's) - International

	LGA Visited		2018+19
	Esperance		47%
Kalgoorlie-Boulder		24%	
Kondinin		21%	

Visitor Factsheet - Further Information

The data in this factsheet refers to visitors who have spent at least one night in Australia's Golden Outback

Important Note

All data is sourced from Tourism Research Australia's National and International Visitor Surveys (NVS and IVS).

To increase the sample size and hence improve the reliability of the data, visitor and nights estimates in this document are based on an average of two calendar years.

The demographics and trip details for intrastate visitors show comparisons between 2021+22 (current) and 2018+19 (pre-COVID). Due to the reduced number of international and interstate visitors to WA since 2019, only 2018+19 can be provided for these markets. It is hoped that in future revisions of this factsheet, it will be possible to compare international and interstate visitor demographics and trip details with pre-COVID.

It is recommended by Tourism WA that the visitation statistics in this fact sheet are used in conjunction with other information sources that you have access to. This might include population statistics from the Australian Bureau of Statistics, feedback from local operators, information from local Visitor Centres, data from local councils etc.

Methodology and definition changes are made to both the IVS and the NVS from time to time. As such, estimates in this factsheet are not comparable to previous factsheets. For further information, see [NVS Methodology](#) or [IVS Methodology](#) on Tourism Research Australia's website and the [Changing Visitor Spend](#) factsheet on Tourism WA's website.

Sample Size and Confidence Intervals

Year Market	2018+19			2021+22		
	Sample size	95% Confidence Interval Visitors (±)	95% Confidence Interval Nights (±)	Sample size	95% Confidence Interval Visitors (±)	95% Confidence Interval Nights (±)
Intrastate	961	7%	11%	828	7%	10%
Interstate	133	20%	22%	76	23%	23%
Domestic	1,094	7%	10%	904	7%	9%
International	753	9%	23%			

Note: Estimates in this factsheet need to be considered within the Confidence Intervals in this table. Data has not been provided where the Sample Size is less than 40 or the Confidence Interval is greater than ±50%.

Definitions

Domestic Visitors (Intrastate): Australian residents aged 15 years and over who spent at least one night at a place at least 40km from their home. Note, intra-regional travel is included, i.e. the home and stay may fall within the same region.

Domestic Visitors (Interstate): Australian residents aged 15 years and over who spent at least one night at a place at least 40km from their home.

International Visitors: International visitors aged 15 years and over who spent at least one night in the Region and are staying in Australia for 12 months or less.
