TOURISM WESTERN AUSTRALIA

Tourism Western Australia (Tourism WA) is responsible for promoting Western Australia (WA) as an incredible holiday and events destination.

We work with a range of people from the public and private sector to develop and promote WA's iconic tourism experiences, to attract events to the State and help the tourism industry thrive.

We have three core functions:

1. We deliver innovative marketing campaigns at home and overseas to raise awareness of WA's destinations and experiences, and attract more people to the State.
2. We attract and support a broad range of sports, arts, cultural, culinary and business events, which give people a compelling reason to visit our State. Optus Stadium, previously voted the most beautiful stadium in the world, has been a game changer, allowing us to attract blockbuster events such as the NRL State of Origin, the Bledisloe Cup and ICON – Perth's Festival of International Football.
3. We work closely with government and industry partners to improve destinations in terms of access, accommodation and tourism experiences for visitors.

ABOUT WESTERN AUSTRALIA

Western Australia - it's big, beautiful and billions of years old.

Around the size of Western Europe, WA accounts for one-third of the Australian continent. It boasts over 12,500 kilometres of coastline (20,000 including islands), the world's oldest minerals and a host of natural wonders found nowhere else on Earth.

Of the State's population of 2.7 million people, around three-quarters live in the Perth region. With more than 3,000 hours of sunshine per year, Perth is Australia's sunniest capital city. The city's spectacular natural surroundings are rivalled only by its vibrant city life.

WA's Aboriginal history dates back more than 50,000 years - making it one of the world's oldest living cultures. Almost a third of Western Australians are born overseas and 15 per cent of the population speaks a language other than English at home.

Dreamlike experiences and natural wonders await you in every region of this grand and diverse State, and the varied climate - Mediterranean conditions in the south through to the northern tropics - means you'll always find summer somewhere in WA.

PERTH

Sitting pretty on the banks of the Swan River (Derbal Yerrigan) in Wadjuk Noongar country, Australia's sunniest capital city Perth effortlessly blends urban cool with raw natural beauty. Its heart is bustling with bars, restaurants, hotels, shopping and cultural spaces, and is also home to one of the world's most beautiful inner-city parks. Within 30 minutes of the city centre, visitors can be exploring Western Australia's oldest wine region, watching a famous Western Australian sunset, cycling around an island paradise or walking the streets of Fremantle (Walyalup).

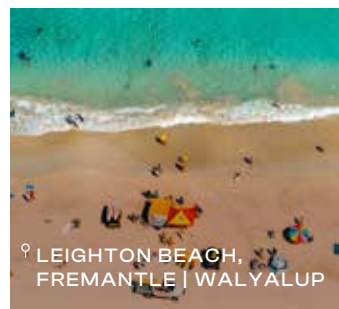

Check out:

- Perth's sparkling CBD. An array of new public spaces and revitalised buildings have activated Perth CBD and surrounds. The vibrant waterfront precinct of Elizabeth Quay celebrates Perth's love affair with the Swan River with new hotels such as The Ritz-Carlton Perth and DoubleTree Hilton Perth Waterfront, offering riverfront views, plus alfresco and rooftop dining options, public art and playgrounds. Connecting Perth CBD to Northbridge, Yagan Square connects people to place and is a celebration of Western Australia's Aboriginal heritage. Not to be missed is the spectacular new WA Museum Boola Bardip, located in the Perth Cultural Centre; and across the river, connected by the Matagarup Bridge, is the shiny new 60,000 seat world-class Optus Stadium.
- Natural attractions. Overlooking the Swan River and Perth city skyline, the stunning Kings Park and Botanic Garden (Kaarta Komba) is one of the largest inner-city parks in the world. At 400 hectares, it's bigger than Central Park in New York, it is home to more than 3,000 species of native plants and around 80 bird species. Tour its botanic gardens and spring wildflowers on a self or guided tour, or discover the park's rich culture with an Aboriginal guide. Within an hour of Perth's CBD you can swim with wild dolphins at Rockingham, cruise the canals in Mandurah, discover crystal caves in Yanchep National Park and hike the trails in the Perth Hills.

- A stellar line-up of city beaches. Home to 19 pristine metropolitan beaches, it's easy to find your own piece of paradise to enjoy one of Western Australia's famous coastal sunsets – whether that be from the sand, a picnic area, or one of the coast's many dining options. From Bathers Beach in Fremantle and the iconic Cottesloe Beach, to the popular City Beach – just 20 minutes from the CBD, to the surf breaks of Scarborough Beach and beyond, Perth's dazzling stretch of endless sand crystal-clear blue waters, coastal walks, dune vegetation and sustainable development approach is unlike any capital city on Earth.
- Wining and dining. Head into Perth's city centre and its urban hubs of Northbridge, Leederville, Mount Lawley, Victoria Park and Subiaco, plus the port city of Fremantle for an ever-expanding range of small bars, restaurants, breweries and distilleries across the city's rooftops, laneways and heritage-listed buildings. Just a 30-minute drive from the CBD, or a cruise along the Swan River, will take you to Western Australia's oldest wine region, the Swan Valley. Tantalise your taste buds at over 40 world-class wineries, breweries, cideries, distilleries and gourmet artisan producers. Celebrate Perth's love affair with the coast by enjoying local seafood and sipping on a cool beverage whilst the sun sets over the Indian Ocean at one of the many coastal dining options.
- An island playground. Famous for its laid-back atmosphere and home to 63 beautiful beaches and 20 bays, Rottnest Island (Wadjemup) is a unique island paradise located just a short ferry ride from the mainland. Explore the island by scenic flight, segway, skydive, hop on hop off bus, waterbike or kayak; grab a snorkel or join a tour to discover the abundance of spectacular marine life; and meet the world's friendliest animal, the quokka. The A Class Reserve is a car-free zone, and hiring a bicycle is the best way to get around.
- An eclectic port city. Discover maritime history, a World Heritage-listed prison, café culture, lively bars and hundred-year-old markets in the port city of Fremantle (Walyalup) – located less than 30-minutes from Perth CBD. Known as 'Freo' to the locals, here you can explore narrow streets lined with historic buildings, enjoy fresh seafood at the Fremantle Fishing Boat Harbour, sample local brews at one of the micro-breweries and choose from a variety of funky cafes, boutique bars and top restaurants. Join a guided walking tour to discover the city's colourful convict and maritime history, bohemian culture and vibrant street art.

WALKING ON A DREAM

OUR STORY: SPIRIT OF ADVENTURE

Our Story is embedded in all
facets of the new global tourism
brand, Western Australia
- Walking On A Dream.

The WA tourism industry built this new brand. The journey to Walking On A Dream has been many years in the making. More than two years ago, Tourism WA began working on a new tourism brand for Western Australia that would set our unique State apart from competitor destinations across the country, and around the world. After undertaking the most extensive consultation in the Agency's history – which included consultation with more than 500 tourism industry business owners and leaders from across all regions of the State, and testing with more than 110 local, national and international consumers – the Our Story: The Spirit of Adventure narrative was born.

Our Story: The Spirit of Adventure is a narrative framework that outlines what makes Western Australia so special. It does this through five key pillars designed to provoke the spirit of adventure in every traveller, with these pillars the foundation for all Tourism WA's subsequent marketing and creative activities, including the domestic Wander Out Yonder campaigns and the Adventure Awaits international platform.

These five story pillars outline what Western Australia is, at its core. Western Australia is: Ancient Tracks, New Journeys™; barefoot luxury; otherworldly phenomena; majestic landscapes and big skies; and full of characters.

Walking On A Dream is inspired by the Our Story: The Spirit of Adventure narrative. Walking On A Dream uses the same founding principles to underpin a new creative approach for a bold new brand, to make WA shine as a world-leading destination of choice in a competitive global marketplace.

While the Our Story pillars still represent what makes WA unique and differentiates us from other destinations, we have added the themes of Time, Space, Connection and Freedom into our narrative.

These thematic pillars represent key attributes that global travellers are seeking from a destination in a post-pandemic world, and through the Our Story pillars, we can show the world how Western Australia delivers on these critical themes.

TIME

Western Australia is 60,000 years of stories, shared by the oldest living culture on earth. Stories that bring otherworldly landscapes to life. Traditions that have been handed down across generations, and enriching experiences across the State and the seasons.

SPACE

Western Australia is otherworldly phenomena, majestic landscapes and big sky country. Supernatural contrasts of colour, sheer scale and spaciousness. Quiet, powerful, soulful.

CONNECTION

Western Australia is full of characters and rich with culture. A special place, where connecting with the land helps you reconnect with yourself. Locals with a warm, welcoming and a generous spirit, who share our culture, lands, and our way of life.

FREEDOM

Western Australia is brimming with special and rare experiences, for those seeking the freedom to embark on new adventures. Luxury, but not as you know it. One-of-a-kind experiences, set on nature's doorstep. Relaxed and down to earth. The freedom to embark on every kind of unforgettable adventure.

These pillars and the Walking On A Dream creative concept will give Tourism WA's marketing and communications the uniqueness needed to make Western Australia shine as an aspirational, memorable and desirable destination for leisure and business travel, from now and into the future.

WHAT'S NEW & TRENDING IN WESTERN AUSTRALIA 2022 / 23

Australia's largest State continues to welcome a mix of exciting new projects, products and experiences. Below is a comprehensive rundown of what's new, what's to come and what will be trending in Western Australia (WA) for the year ahead.

📍 MATAGARUP BRIDGE, PERTH

PERTH HOTEL DEVELOPMENTS

Perth (Boorloo) continues to offer a number of new and refurbished properties that have opened in the CBD and surrounding urban and regional areas.

In August 2022, the new 431-room Novotel Perth Murray Street officially opened to the public. The 431-room hotel is the largest Accor hotel in Perth, ideally located in the heart of the CBD. The property features a spectacular 12th floor fitness and spa facility, including a pool, steam room, day spa and sauna; four bars a café and restaurant; four meeting rooms and a conference room for up to 120 people; and spacious modern rooms.

Perth's Parmelia Hilton hotel, which re-opened in February 2021 after an extensive \$45 million-dollar refurbishment, welcomed the opening of two new luxury premier suites in October. Located on the tenth floor, the 80 square metre rooms feature a spacious bedroom, living and dining area, plus a stunning large bathtub. There is also balcony access with views, as well as Executive Lounge access. The new suites add to the already 32 new rooms and refurbished executive lounge, lobby and restaurant at the iconic 53-year old hotel.

IHG Hotels & Resorts opened the Holiday Inn West Perth in November 2021, located within walking distance to Perth's Kings Park and Botanical Gardens. Formerly the Sage Hotel West Perth, originally developed in 2016, the hotel's 101 guestrooms have all received a soft refurbishment, and the hotel lobby has been transformed.

Part of the hotel's charm is the 1902 heritage building that sits at the front of the property - home to Julio's, one of Perth's favourite Italian restaurants.

Since 2020, Perth has also welcomed the opening of DoubleTree by Hilton Perth Waterfront overlooking the Swan River and city skyline at Elizabeth Quay; Vibe Hotel in the inner-city suburb of Subiaco; Sapphire Rottneest, the island's first boutique luxury accommodation offering; and the boutique, heritage-listed Warders Hotel in Fremantle.

FREMANTLE'S CONTINUING RENAISSANCE

Fremantle (Walyalup) has been named in TIME's annual list of the World's Greatest Places of 2022, which highlights 50 extraordinary travel destinations from around the globe. The port city, located just a half hour drive or train ride from Perth CBD, earned a spot in this year's list thanks to a once-in-a-generation renaissance of its civic heart and surrounds. The bohemian city blends old with the new, home to a 19th century port streetscape, and a recent surge of new hospitality offerings and public spaces. In the recently redeveloped city centre – Walyalup Koort (meaning 'Heart of Fremantle' in Whadjuk Noongar language) – FOMO is a new commercial space offering hawker-style food stalls, entertainment, art and dining spaces for visitors to enjoy.

Fremantle's civic heart has received a once-in-a-generation redevelopment, creating a vibrant cultural and commercial hub for Perth's port city. Walyalup Koort – which means 'Heart of Fremantle' in Whadjuk Noongar language, has welcomed the opening of the new Walyalup Civic Centre, including the stunning new Fremantle Library.

The redevelopment has seen rejuvenation of the precinct's public spaces, including the new Fremantle-themed adventure playground.

At the heart of the new hub is FOMO - a new commercial space offers a contemporary laneway retail, art and dining destination, providing visitors with a space to sit, eat, walk and engage.

The historic A Shed building at Fremantle's Victoria Quay is now home to a new brewery, with leading Perth craft brewer Gage Roads Brewing opening its first public-facing venue. The 1,500 capacity family-friendly venue includes a microbrewery, restaurant and bar, a children's play area, and 100-metres of alfresco seating overlooking the strip of ocean between Fremantle and Rottnest Island from which Gage Roads took its name. The brewery is part of Fremantle's Victoria Quay revitalisation project – which looks to enhance the public space at the historic port and develop the precinct into a major tourism and recreation space. It's also home to the world-class WA Maritime Museum

The Fremantle Courthouse has been given a new lease on life, re-opening as the Old Courthouse in December 2021. Originally built in 1899 and operating as a courthouse and police station up until 2001, the 122-year old building has been transformed into a sleek bar and casual eatery.

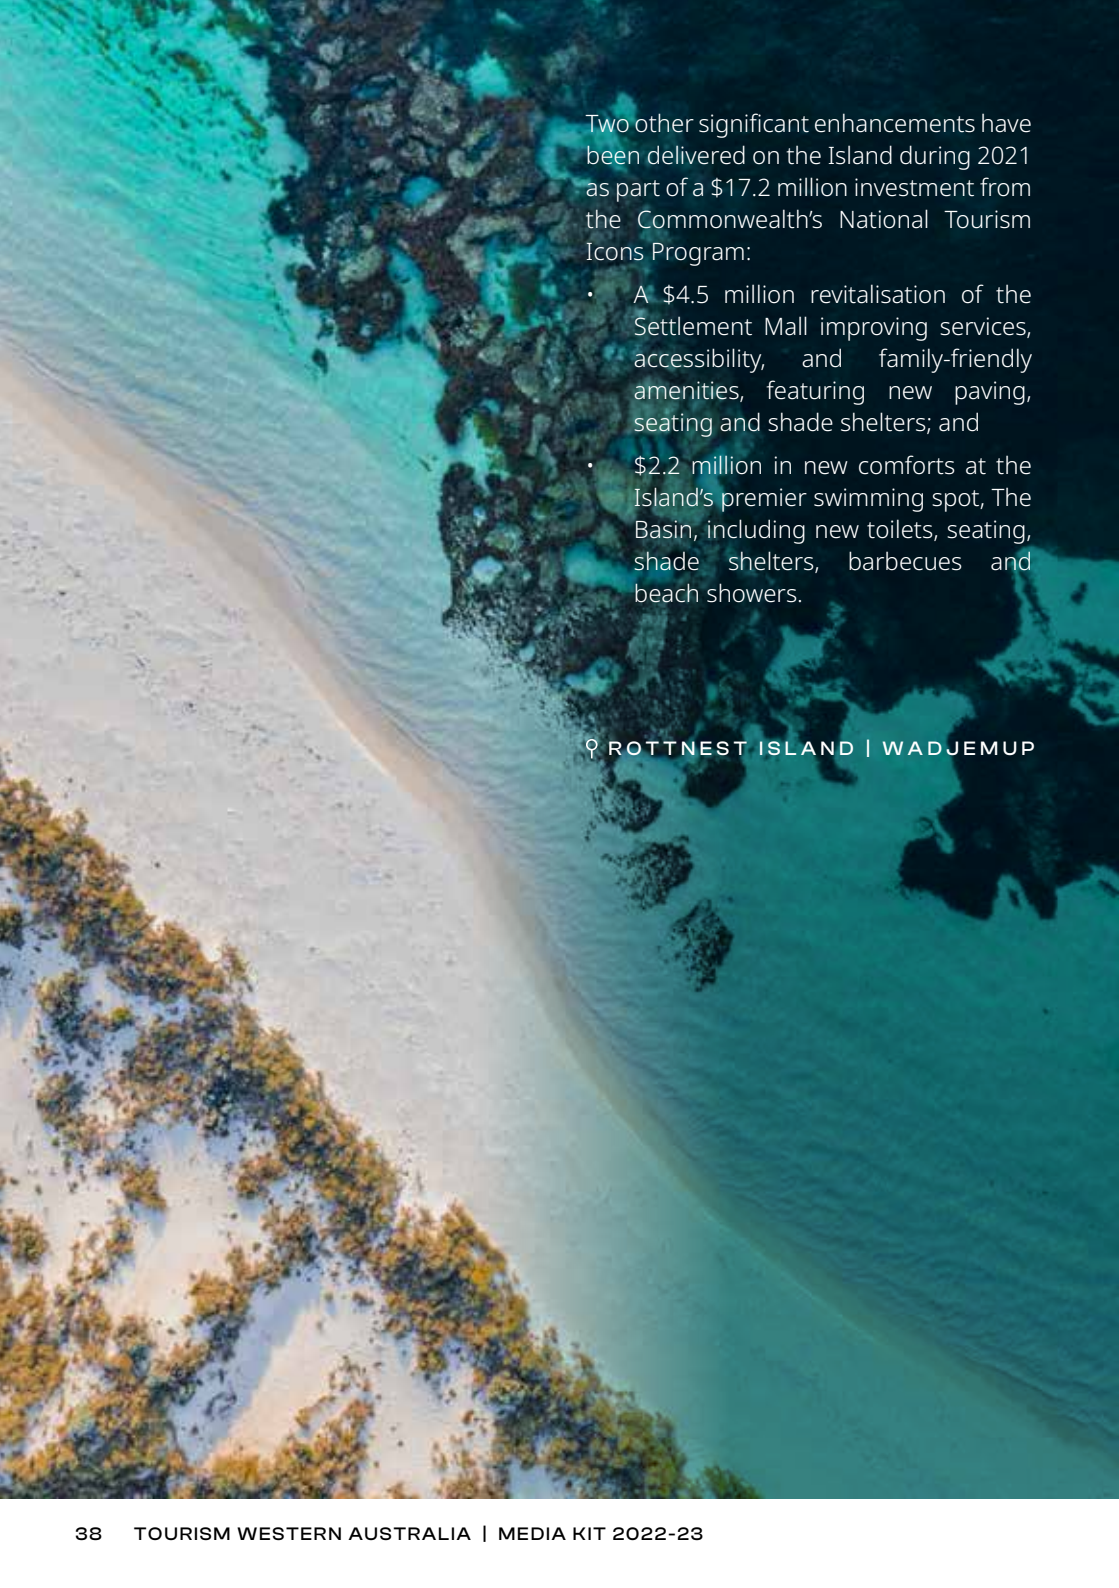

The historic court rooms now serve up local brews, wines and a range of premium spirits, with reference to the building's history highlighted throughout. The bar leads out to an enclosed pavilion, a leafy outdoor beer garden and large grassed area.

Fremantle also continues to welcome new small bars and eateries. Jetty Bar & Eats is a new waterfront venue overlooking the Swan River.

Located right on the Jetty, the bar and eatery is designed to look like a low-key shack on the water, with the food menu delivering a fusion of Mediterranean cuisine. Located in a beautifully restored 150-year-old cottage, Nieuw Ruin offers 'good food, good cocktails and weird wine.' With a 300-bottle wine list, the all-woman team in the kitchen serve up fresh and local produce ranging from small snacks to generous dinners. Broome Tours added a new Mud Crabbing Adventure to its tour offering in 2022, allowing visitors to experience the thrill of catching a prized Kimberley Mud Crab.

The tour begins with a catamaran cruise of Roebuck Bay to reach the mouth of Broome's incredible creek systems. Experienced guides will then demonstrate the tips and tricks for catching a 'muddy' before being taken through the mangroves to cast and pull pots to catch their own. The tour ends with a feast of freshly cooked chilli mud crab on the cruise back through Roebuck Bay.

For the 2022 season, Cygnet Bay Pearl Farm on the Dampier Peninsular launched 15 brand new glamping eco tents. Featuring private ensuites and king sized beds, the air-conditioned tents allow Cygnet Bay to extend its season and operate year-round. Built to be eco-friendly with minimal impact on the surrounding environment, the new glamping tents are located an easy walking distance to the pool and restaurant, with wheelchair accessible tents also available.

In 2022 Cygnet Bay Pearl Farm also partnered with Broome's Moontide Distillery to release the first gin in the world to use pearl oyster as a botanical. The Pearler's Gin is distilled with juniper berries, Burdekin plum, lemon myrtle, mint and oyster mantle - which is a by-product from the cultured pearling process, giving the gin a unique minerality and umami taste. The mantle is harvested at the same time as the pearl meat and mother of pearl shell, once the final pearl has been collected from the oyster, ensuring that all parts of the pearl oyster are used and reinforcing the reason why pearls are considered the most sustainable gems in the world.

ECOTOURISM & SUSTAINABLE TRAVEL

WA will soon be home to the world's longest electric highway, with a network of almost 100 new electric vehicle fast charging stations and back-up charges at 49 different locations over the coming years. The charging stations will connect Perth and regional WA – stretching north to Kununurra, south to Esperance and east to Kalgoorlie, with the average distance between charging stations around 160 kilometres. Each location will have a standard fast charger, allowing drivers to top up their electric vehicles in as little as 15 minutes. The world's longest continuous EV fast-charging is expected to be completed and fully operational by 2024.

Electric vehicles can now cross the Nullarbor, thanks to BiØfil plugging the gap between Western Australia and South Australia on the 90 Mile Straight. Remotely located at Caiguna Roadhouse in the Golden Outback, the world-first EV station is powered using vegetable oil from roadhouse deep fryers.

A new innovative partnership will see the introduction of zero-emission flights serving some of WA's most iconic tourism attractions across the Kimberley, Pilbara, Golden Outback and Perth regions, set to take off as early as 2026. Leading WA-based aviation and tourism businesses Aviair and HeliSpirit have partnered with global company Eve Air Mobility, an Embraer Group, to bring a fleet of up to 50 new zero-emission electric aircraft to WA within the next four years.

The electric vertical take-off and landing (eVOLT) aircraft, which can carry up to four passengers, are able to land and take-off vertically, offering the convenience of a helicopter with the speed and comfort of a similar sized fixed-wing aircraft. Requiring only a helipad for departures and landings, and being able to provide an emission-free, low-noise solution, it allows the aircraft to be used for both short air transfers and scenic flights to some of the State's most iconic attractions.

DARK SKY TOURISM

Dark Sky Tourism is defined as travelling to destinations to experience the night sky free from artificial night pollution. WA's unique environmental characteristics, epic landscapes and endless night skies means there is no shortage of stargazing opportunities for visitors. Take advantage of WA's big skies on one of the number of tourism operators offering astronomy-based adventures.

Based in Perth, Off the Beaten Track offers moon gazing hikes during a rising full moon, and stargazing hikes where guests can hike to a lookout point in the Perth Hills to view the night sky through a telescope. Lumineer Tours take guests to the otherworldly Pinnacles in Nambung National Park and use the latest in astronomy equipment to offer the ultimate star gazing experience, and in Mandurah, Salt and Bush Eco Tours are now offering wildlife nocturnal tours and stargazing nights at the Thrombolites in Lake Clifton.

In WA's Coral Coast region, experience the magic of the night sky whilst perched 100 metres above the mighty Murchison River on the Kalbarri Skywalk with D'Guy Charters, and in Broome gaze at the wonders of the universe with Space Gandalf (aka Greg Quicke) from Astro Tours using big telescopes and lasers.

Astrotourism WA also hosts a number of stargazing events each year that visit regional areas throughout WA, and recognised Astrophotography Hot Spots such as The Pinnacles in Nambung National Park.

Aboriginal Australians are often credited with being the world's first astronomers, as the stars have been used for navigation, calendars, ceremony, cultural lore, song-lines and art for thousands of years. In 2023, Balanggarra Home Valley in the east Kimberley region will be offering star gazing tours with an Aboriginal guide. Guests will use state-of-the-art telescopes and equipment and – thanks to some of the lowest light pollution in the world – the naked eye to view the majestic star-scape of Balanggarra Home Valley.

Ningaloo Eclipse - on April 20, 2023 visitors to Exmouth in the World Heritage-listed Ningaloo region will have front row seats for one of nature's most phenomenal occurrences – a total solar eclipse. At around 11:27am those in the region will experience 62 seconds of totality as the sun is completely blocked by the moon. The path of totality will graze the tip of WA in a 40-kilometre wide track near Exmouth, making it the most accessible land-based place on Earth to view the spectacle. Whilst Exmouth is in complete darkness for just over a minute, the rest of WA will experience a partial solar eclipse. Those in Perth will witness a 72 per cent eclipse, Geraldton about 80 per cent, Carnarvon 97 per cent, Karratha 97 per cent, and Coral Bay and Onslow will see a 99 per cent eclipse. WA is one of the very few land places worldwide where people can view the natural phenomenon, with the next solar eclipse to take place in WA 2031.

GET CRAFTY WITH LOCAL BEERS

Fremantle is the birthplace of Australia's flourishing craft beer scene, with the first big-flavour, small-production brews poured at the Sail and Anchor bar. Gage Roads Brewing opened its first public facing venue in January 2022. The popular 100-metre-long venue has taken over the historic portside A Shed building at Fremantle's Victoria Quay. Check out other unique and seasonal craft beers at Fremantle's Little Creatures, Running with Thieves, or Beerpourium. Closer to the city, head for Blasta Brewing Co, Bright Tank, Longneck, Bevy at The Camfield, Otherwise, Nowhereman, Little Island or head up the coast to the Indian Ocean Brewing Company. You can also see how local beers and cold cider are bringing extra flavour and attitude to traditional wine regions such as the Swan Valley (Homestead Brewery, Valley Social or Mash, for example) and Margaret River (Black Brewing Co, Eagle Bay Brewery or Shelter Brewing Company, to name a few). Western Australia is home to more than 80 breweries, so there's a few to work through!

FEAST IN THE FOOD BOWLS

Western Australia's fertile soils and perfect climate make it a haven for horticulturalists, and you can experience 'the State on a plate' at gourmet events or straight from the farm. In the Kimberley, tours of Lake Argyle reveal the massive reservoir's role in the Ord River vast irrigated patchwork, which is a hub for everything from chickpeas and corn to melons and mangoes. Further south, head to the Coral Coast town of Carnarvon to tour banana plantations and meet the farmers behind tropical fruits and vegetables.

In WA's South West, Genuinely Southern Forests offer food and farm tours around Manjimup and Pemberton to sample a smorgasbord of fresh produce such as apples, avocado, cherries, lime and honey, as well as marron and beef.

LAZE LIKE A LOCAL AT A SUNDAY SESSION

Wrap up the weekend the WA way by relaxing with mates on a Sunday afternoon with food, a tippie or two and live music at a waterfront or alfresco-style pub. Perth's top spots for a Sunday Session (or 'sesh' if you want to sound like a local) include the Cottesloe Beach Hotel in Cottesloe, The Standard and Henry Summer in Northbridge, Gage Roads Brewery, Bathers Beach House and The Left Bank in Fremantle and The Breakwater at Hillarys.

JOIN THE NATURAL WINE MOVEMENT

Perth is welcoming an increase in outlets offering naturally produced and minimal intervention wines, including the openings of Wines of While in Northbridge and Madalena's in South Fremantle. Vino, Cullen and Dormilona in the Margaret River region, Express Wine Makers in the Great Southern and Swan Valley Wines in the Swan Valley.

REGIONAL AND URBAN DISTILLERIES

Regional small batch distilleries can be found all across Western Australia, from Kununurra in the north to Esperance in the south, each producing its own distinctive character and style. Kununurra in the Kimberley is home to WA's oldest operating legal still, The Hoochery Distillery, famous for its Ord River Rum (and rum cakes!). In Broome, Moontide Distillery produces gins and spirits using native ingredients, and has just released the first gin in the world to use pearl oyster as a botanical. In the Coral Coast town of Geraldton, Illegal Tender Rum Co produces premium rum using only dark brown cane sugar. At Giniversity in the Margaret River region, visitors can make their own gin local native botanicals, and Limeburners near Albany in the Great Southern region produces single malt whisky using premium Western Australian grain and pure Albany water from limestone aquifers. In Esperance on the south-east coast, Esperance Distillery Co produces gin distilled using native botanicals that showcase the floral diversity of Esperance and the Fitzgerald Biosphere. Perth's urban distillery trails are best discovered with Hidden de Tours and Two Feet & a Heartbeat, with the new Republic of Fremantle a highlight with their Swan Valley Verdelho spirit base.

BUSH TUCKER EXPERIENCES

Aboriginal people have been living by the seasons for thousands of years, practicing sustainable hunting and gathering methods and using local foods for medicinal, nutritional and cultural significance. Aboriginal cultural tours will allow you to discover 'nature's supermarket' in each region of Western Australia.

Forage for native bushfoods in Perth on Whadjuk Country, learn traditional fishing methods in the South West on Wardandi Country, and dig for honey ants – the sweetest of bushfoods – in the Golden Outback on Wongatha Country. On the Dampier Peninsula in the Kimberley, the local Bardi people will teach you traditional spear fishing techniques and mud-crab hunting in the mangroves, before you cook the catch on the beach.

BEACHES & LAKES

The waters off WA's 20,000 kilometres of mainland coastline and islands are some of the most pristine in the world – and home pure-white sands, crystal clear waters, fringing reefs and a myriad of marine life. Here's our WA Dream List of beaches and lakes adventures.

A SPARKLING BEACH MENU

Western Australia's beaches are regularly voted among the best in the world, and with 12,500 kilometres of pristine coastline, the sheer diversity and range of different coastal options is like no other destination on Earth. In Perth, there are 19 stunning beaches all located within easy reach of the city – Cottesloe Beach, City Beach and Scarborough Beach are visitor favourites. Venture to the southern corner of WA where the crystal-clear blue waters of the Southern Ocean contrast with granite boulders, rocky outcrops, pure white sand and adjoining green vegetation. Here you'll find Australia's whitest beach, Lucky Bay in Cape Le Grand National Park (Mandoowernup), home to friendly sunbathing kangaroos. The Coral Coast boasts Exmouth's dazzling Turquoise Bay and is where the outback meets the reef, with the World Heritage-listed Ningaloo Reef creating an underwater playground against the rugged gorges of Cape Range National Park. Another World Heritage-listed area, Shark Bay (Gutharraguda) is where you'll find Monkey Mia's friendly dolphins, and a beach made entirely of tiny white shells. In the North West, Broome's (Rubibi) iconic Cable Beach is famous for its golden glow sunsets and camel trains. The colours of the Kimberley coastline are like nowhere else in the world, with its red pindan sands, white beaches and azure blue waters. Here you'll also find incredible untouched wilderness, with the 1000-plus islands of the Buccaneer Archipelago all waiting to be explored on a Kimberley expedition cruise.

PERTH'S PARADISE – ROTTNEST ISLAND

The ferry crossing to Rottnest Island (Wadjemup) takes as little as 30 minutes by ferry, or try something different with a trip by helicopter or small plane. You'll soon have the pleasant dilemma of choosing from "Rotto's" 63 beaches and 20 secluded bays, or being enchanted by the island's unique marsupial resident, the friendly quokka. The car-free island is easy to explore by hire bike, tours, Segway, bus or on foot – or head into the water to see fish, coral and shipwrecks at some of the best snorkelling or diving sites this close to a capital city.

NINGALOO REEF

Easily accessible from shore, you don't need to travel by boat to snorkel this World Heritage-listed underwater wonderland. The massive fringing reef is home to brilliantly coloured coral and tropical fish, sea turtles and manta rays, plus one of the world's top shore dives at Exmouth's Navy Pier. Whale sharks and humpback whales visit each year, and visitors are able to swim with the gentle giants of the ocean, with tours operating out of Coral Bay and Exmouth, traditional owners of the Jinigudera, Baiyungo and Thalanyji people.

MAKE SOME WAVES – SURFING

Take the word of the world's top surfers who flock to WA's shores for some of the best waves on Earth. The famed Margaret River region, on Wardandi Noongar Country in the South West, is home to more than 100 surf spots ranging from powerful reef breaks to fun beach surf. Other surfing hotspots include Exmouth, Gnaraloo, Quobba and Red Bluff along the Ningaloo Reef, and Esperance (Kepa Kurl), Kalbarri (Wurdimarlu) and Rottneest Island (Wadjemup). If you're into different types of boards, an easy 90-minute drive north of Perth takes you to the windsurfing mecca of Lancelin (Wangaree) – where you can also try out sandboarding on the white dunes.

WRECKS, REMOTE SHOALS AND TRAILS – DIVE AND SNORKEL

World Heritage-listed Ningaloo Reef, where you can wade out from the beach and be snorkelling over superb coral gardens teeming with colourful fish, manta rays and sea turtles, is one of the largest fringing reef systems in the world.

Navy Pier, at the Ningaloo gateway of Exmouth, is rated as one of the world's top 10 shore dives. North of Ningaloo Reef, the Mackerel Islands offer an island playground of secluded fringing reefs. In the Margaret River Region, you can explore Busselton Jetty through snorkel, dive, observatory or undersea walking tours. WA is also home to extraordinary shipwreck dives including HMAS Swan at Dunsborough, HMAS Perth in Albany (Kinjarling) and 19 wrecks around the Houtman Abrolhos Islands, off Geraldton (Jambinu), including the Batavia, which sunk in 1629 and led to one of the darkest chapters in WA history. In Perth, the Omeo shipwreck at Coogee has become 'insta famous'. If this isn't remote enough for you, take a tour to the 'aquarium in the middle of the ocean' at Rowley Shoals, 300 kilometres west of Broome, where it could just be you diving among coral gardens with giant clams and schools of tuna and mackerel. Follow the underwater snorkel trails at Little Salmon Bay on Rottneest Island or the Marmion Marine Park near Trigg in Perth where underwater plaques guide snorkellers and divers on an interactive journey to discover fish and marine species.

♀ HUTT LAGOON, CORAL COAST

PINK LAKES

WA's photogenic bubblegum pink lakes have to be seen to be believed. The most easily accessible is the dreamy Hutt Lagoon, near Port Gregory, traditional owners of the Yamatji people – located between the Coral Coast towns of Geraldton (Jambinu) and Kalbarri (Wurdimarlu). Best viewed between April and October, the waters could be red, bubble-gum pink or lilac depending on the conditions. On the south coast, the bright pink Lake Hillier on Middle Island near Esperance (Kepa Kurl) is sure to blow you away with its striking hues. Witness the awe-inspiring colours of both of these lakes from the air on a scenic flight, where the pink hues contrast with the blue of the ocean.

TIDAL PHENOMENON – STAIRCASES TO THE MOON AND WATERFALL REEFS

The Kimberley coast has some of the biggest tidal movements in the southern hemisphere, with the daily ebb and flow

of the tropical tides creating some of the region's most dreamlike attractions. From March to November, when conditions are just right, visitors to Broome (Rubibi) are treated to a breathtaking natural spectacle – the Staircase to the Moon. The phenomenon occurs around three times a month at extremely low tide when the full moon rises over the exposed mudflats of Roebuck Bay (Yawuru Nadulagun), creating the optical illusion of lunar stairs. The staircase phenomenon can also be experienced at other north-west locations including Karratha, Port Hedland and Onslow. Near Cygnet Bay Pearl Farm on the Dampier Peninsular north of Broome on Yawuru Country, tidal movements create the spectacular Waterfall Reef, where exposed reefs at low tide create a waterfall in the middle of the sea. On a Kimberley expedition cruise, witness a coral reef rising from the ocean in a torrent of cascading water during the tidal changes at Montgomery Reef, the world's largest inshore reef.
